MAYOR'S MESSAGE

Jeff Wennberg, Mayor

To The Honorable Board of Aldermen and Citizens of Rutland:

Fiscal 1993 was greeted in Rutland by both promise and pessimism. While the downtown revitalization program continued to make progress, the impact of the nearly three-year-old recession claimed dozens of businesses and hundreds of jobs. Rutlanders held on to the hope that the careful planning and years of effort would reverse our fortunes. The evidence on the street, however, pointed only to a worsening situation.

Hope was fed by the announcement of an agreement between NET Property Management (the owners of the downtown plaza) and Price Chopper Supermarkets to construct the largest supermarket in Vermont, and invest \$12 million in renovating the property. Permitting for the development moved quickly and demolition began in February.

Likewise, the state's decision to convert the vacant Hulett and Woolworth buildings into new offices boosted confidence. This \$8 million project will create 140,000 square feet of new office space, bring hundreds of state office workers downtown, pay property taxes to the city and restore to Merchants Row new first floor retail space. A project dedication party in February drew hundreds of Rutlanders and the Governor.

Thanks to the efforts of the Marble Valley Regional Transit District, plans for a \$12 million Multi-Modal Transit Center in the Willow-Edson area moved ahead. This facility will not only provide a home for "The Bus" and Vermont Transit, it will create hundreds of new parking spaces for downtown workers and shoppers.

The most long-awaited and critical piece of Rutland's redevelopment program made a giant step forward near the end of 1993. After years of negotiations, expertly managed by the Rutland Redevelopment Authority on behalf of the City, Central Vermont Public Service, NET Property Management and the City reached a three-way agreement which allows the construction of CV's 140,000 square foot, \$17 million corporate headquarters in

the heart of downtown Rutland. While obstacles still had to be cleared, this was the first time CV and Net had made a firm and clear commitment to build the headquarters at the plaza.

Outside downtown, things started looking up as well. The new high school, embroiled in the permit process for years, broke ground and began construction in the spring. Thanks to thousands of petition signers and the attention of Governor Howard Dean and Secretary of Transportation Garahan, the deplorable condition of Woodstock Avenue finally got the state attention it had so long demanded. In a dramatic departure, from long-standing policy, the Governor budgeted money to resurface this vital artery. In addition, because of the Act 250 permit conditions on the new high school, the state agreed to make necessary improvements to the intersection at Stratton Road, and have them completed by the opening of the school in September 1994.

In November of 1992, the schools sought and were granted a tax increase from the voters, preventing the need for massive program and staff cuts which would harm not only our children's education, but the very future of our community as well.

City Hall did not seek a tax hike, preferring instead to continue the belt-tightening which had kept us living within our means since 1988.

Voters did approve bond issues for improvements at the waste water treatment plant and White's Pool. The \$2.5 million invested at

the treatment plant will reduce pollution in Otter Creek during large storms, remove phosphorous which accelerates the process by which Lake Champlain "ages," and increase our treatment capacity.

White's Pool, which is 20 years old, desperately needed \$220,000 in refurbishment in order to correct safety concerns and meet new health requirements.

As the summer of 1993 approached, the setbacks and tough economic times which had hampered our progress for three years gave way to a renewed optimism. As the steel superstructures of the new high school and the new state office building reached skyward, so did our confidence.

The successful completion of this program will mean more than new taxes and new vitality for Rutland. It means new jobs. The combination of public and private projects will create over a thousand new jobs in the next three years. The payroll alone will bring millions of new dollars annually to our local

economy and create stiff competition for our labor. The result can only be more jobs, better wages, better benefits and greater opportunity for all Rutlanders.

The sense that "things are happening" in Rutland is now getting noticed outside the community. Success breeds success, and businesses seeking opportunity will come to Rutland to share in and contribute to our future. As this is being written, the inquiries are coming in and the long vacant storefronts downtown and along our main roads are starting to see new life and vitality.

My deepest thanks to the employees of the City of Rutland who, over the last year, have gotten the job done under difficult circumstances. Thanks also to the department heads for their teamwork and professionalism and Board of Aldermen for staying the course.

Finally, thank you to the people of Rutland. You have exhibited extraordinary patience and faith in your future. Your courage and confidence has made it all possible.

Report of the President of the Board of Aldermen

Nicholas A. Barone, President

To the Citizens of the City of Rutland:

Great strides have been made in the past year. Ground is being broken to make way for a new 58,000 square foot supermarket, which should create approximately 80 to 100 new jobs.

John Russell Corp. is making tremendous progress on the Hulet Building project and the Multi-Modal Transit system, the brain-work of the Marble Valley Transit District is very much on target.

Finally, it appears that the last obstacles in the path of the Zamias Mall have been cleared paving the way for the long awaited mall to be built and the new headquarters of the CVPS Corp., to be located in the downtown district.

These combined projects should create some 600 to 800 jobs in this area. A most welcome boost to our economy.

This was brought about by "Team Work." Thanks to the Board of Aldermen, the Administration, the RRA, Partnership Group, Net Realty, CVPS, Staff of the Marble Valley Regional Transit District, Department Heads, Legal Staff and some prominent business

people and developers.

I am especially proud to have chaired the negotiating team that paved the way for the development of the Zamias Mall and I would like to share my feelings with City Attorney Zetelski and Dave Sagi who served on that committee.

Special thanks to City Treasurer Ron Graves for his financial assistance and to Rosemary Finley for her guidance and dedication. Assistant City Attorney Chris Sullivan is to share these thanks for his guidance to the Board of Aldermen.

In conclusion; it's been a very good year—Let's keep it rolling.

RUTLAND CITY BOARD OF ALDERMEN

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

Report of the City Treasurer

R.J. Graves, City Treasurer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Treasurer's office again has completed another year in fulfilling its duties and responsibilities to the Tax Payers of the City of Rutland. Myself and staff are pleased to submit to you the annual report for the year ending June 30, 1993.

It is without question that our responsibilities are great. We in the Treasurer's office welcome our duties and hope that we have performed them diligently and foremost to the best of our ability for the Tax Payers of the City.

Our duties are widespread in nature from preparing and collecting tax bills, water and sewer rents and providing service to the general public, as well as providing fiscal support of all departments of the City.

Utmost in our duties is the accountability of the Tax Payer's dollars. This office publishes a comprehensive financial report annually under a separate cover. As presented in that report the General Fund of the City as a result of its operations has a Fund Balance or surplus of \$207,900.19. This fund balance is

directly carried over to the next fiscal year to offset what needs to be raised by taxes for that fiscal year.

The City met its debt requirements promptly during Fiscal Year 1993. It paid out \$320,000.00 in principal and \$226,050.00 in interest. The City's total Bonded Indebtedness as of June 30, 1993 is \$2,365,000.00. Interest on that debt totals \$919,191.25.

The City also maintains Water, Sewage Disposal and Parking Meter Funds in addition to a number of Trust and Agency funds.

The Financial Report will be audited by an independent certified public accounting firm, A.M. Peisch and Company, Inc. The audit was designed to meet requirements of the City, State and the Federal Single Audit Act of 1984 and related OMB Circular A-128.

The preparation of this report and the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department which is made up of the Treasurer's office and Data Processing Department.

Report of the Building Inspector/Zoning Administrator

James P. Simonds, Inspector/Zoning Administrator

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit to you the annual report of the activities of the Building Inspector/Zoning Administrator's office for the fiscal year ending June 30, 1993.

The newly approved Housing Standards went into effect March 1, 1993, and have improved the quality of the rental units and single family housing units in the City of Rutland.

Our office has issued 890 Certificates of Occupancy, 34 sign permits, 70 Electrical Permits, 27 Public Hearings on Zoning issues, and the following building permits:

230 residential renovations	\$ 2,525,433.00
-----------------------------	-----------------

32 new residential buildings	2,097,848.00
85 commercial renovations	7,637,827.00
6 new commercial buildings	10,244,235.00

In closing, I would like to thank the Mayor, Board of Aldermen, Board of Zoning Adjustment, the Planning Commission, along with all the department heads and their departments for their cooperation and assistance. Additionally, I would like to thank the residents of the City of Rutland for their continued support, and assistance in detecting violations that would otherwise go unnoticed.

*Seated: Barbara Carris, J. Malcolm MacDonald, Stephanie Lorentz
Standing: Jay Cross, Clifford Giffin, Dean Lawes - Missing: Andrea Hubbard MacLauchlan*

Report of the Zoning Board of Adjustment Stephanie Lorentz, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Zoning Board of Adjustment has again completed another year of fulfilling its duties and responsibilities in upholding the City Ordinances set before us. It is with pleasure that I hereby submit the annual report of the Zoning Board of Adjustment. The members during the fiscal year 1992-1993 included Stephanie Lorentz, Chairperson; Cliff Giffin, Secretary; Dean Lawes, J. Donald Cross, Andrea MacLaughlin, Dr. J. Malcolm MacDonald and Barbara Carris.

During the course of the year, we held 29 public hearings for variance requests, with 11 of those being denied and 18 approved.

Our obligations include determining whether or not the statutory five criteria were

satisfied following a request for a variance. Public hearings are warned to give advance notice to the public to participate in the hearing. In addition to holding public hearings, we investigate and make determinations on discrepancies of the Zoning Ordinances that come through the Zoning Administrators office and interpret the Zoning Ordinances as written.

In closing, I would like to thank the residents of the City of Rutland for their active participation in the public hearing process, Jim Simonds, the Zoning Administrator and the Mayor for their continued support of our efforts.

Report of the Office of Community Development

Thomas L. Donahue, Director
To The Citizens of Rutland:

We were very fortunate in beginning our revitalization process before the national recession. Although things have taken a little bit longer due to this, we have come out far ahead of other communities in the State. As you have been able to see, most of our planning has resulted in construction this past summer and fall. The Plaza, State Office Building, High School and other projects are finally underway, and the Vermont Country Store in the Airport Industrial Park is complete and in operation. Agreements are signed for the downtown location of the CVPS headquarters and the State of Vermont Agency of Transportation has been working closely with the Marble Valley Regional Transit District to move the Multi Modal Transit Center project ahead. Monies have been budgeted in this years Transportation budget for the MMTC project. A phase one design is complete and contracts have been signed for phase two, an environmental assessment. In addition, the conceptual design is complete for the \$1.5 million Spruce Street (HUD grant) project, which will open up an area behind the Plaza for through traffic, realign Evelyn Street, provide additional parking and storm water sewer separation down to Meadow Street.

I continue my work writing and implementing grants for the City and have had another successful year. Together with the Rutland County Parent Child Center, I was able to secure a \$250,000 Community Development Block Grant for the purchase and renovation of a building at 61 Pleasant Street. This has provided a new home for the RCPCC near downtown and will allow them to expand their services to the community. In addition, it has made the facility fully accessible to people with disabilities under ADA regulations. The Rutland County Parent Child Center assists over 2,000 residents per year.

Together with the Rutland Redevelopment Authority, I was able to secure a \$110,000

*Thomas L. Donahue
Community Development Director*

CDBG award to recapitalize the downtown small business revolving loan fund.

With the help of the Rutland County Community Land Trust, I was able to secure a \$108,000 CDBG award for the development and purchase of a new 7 lot mobile home park on Mussey Street. Residents of the two mobile home parks on Allen Street and Stratton Road were evicted in order to make way for new development on those parcels. The grant provided a new park for the evicted residents who were faced with having nowhere to relocate.

I also wrote successful grant applications to the Emergency Shelter Grant Program and received \$4,770 for the Open Door Mission and \$5,374 for Bennington Rutland Opportunity Council's HOST facility which is a long term homeless family shelter located in Rutland.

Our largest grant award this year came from the Agency of Transportation's Path Programs in which we received \$747,000. I submitted an application to the AOT review board with the help of a record number of volunteers. The grant will allow Rutland to construct a 1.4 mile bicycle/walking path from West Street along East Creek south to Otter Creek west to the College of Saint Joseph the Provider. This will take several years to construct but promises to be one of Rutland's most popular amenities and transportation short cuts. Combined, this office

submitted \$1,225,144 in successful grant applications this past year.

I traveled to Montpelier several times last year during the legislative session to testify on a variety of subjects that would benefit or affect Rutland. I continue to press for improvements to our highways and our airport and met with Agency of Transportation Officials many times last year in this regard. As you know, the paving of Woodstock Avenue has been funded and the project plans have been completed. The actual work will finally take place in the summer of 1994 along with the improvements to the intersection at Main Street and the intersection of Stratton Road which will allow for opening of the new high school in the fall of 1994. I was happy to be involved with securing state and federal funding through the AOT and the legislature for these much needed improvements. I should also note the great help the Rutland Region Chamber of Commerce has been in this regard.

Last year I served on the Board of Directors and as Vice President of the Southern Vermont Development Council, Rutland West Neighborhood Housing Service Board of Directors and Chairman of the Operations Committee, First Night Rutland board of Directors, Vermont Interactive Television board of Directors, Vermont Community Development Association President, Chamber of Commerce Transportation Committee member and the Rutland Region Transportation Council, Chairman of the City Development Review Committee and a member of the City's Traffic Safety Committee. Also, I served as Americans With Disabilities Act (ADA) coordinator for Rutland, working with the C.A.I.R. Commission.

Again, this year I would like to thank Mayor Wennberg and the Board of Aldermen for their great support of my community development activities. I would also like to thank the Planning Commission for all their hard work last year and Cathy Diana and Jean Mattsson for their professional assistance.

Report of the City Attorney

Frank H. Zetelski, City Attorney

To the Honorable City Council and the Citizens of the City of Rutland:

I hereby submit the Annual Report of the City Attorney for the fiscal year July 1, 1992 through June 30, 1993.

As City Attorney during the past fiscal year, I have been involved in a variety of matters confronting the City. The demands on the Legal Department appear to increase from year to year as the complexity of laws, regulations and mandates increases. Additional challenges are presented during the period of slow economic times. The Legal Department, as always, has continued to advise the Mayor, Board of Aldermen, Board of Finance, Board of Highway Commissioners, Planning Commission and the Board of Zoning Adjustment. We also provide legal guidance to the Police Commission, the Redevelopment Authority, City Treasurer, City Assessor and all appointed Department Heads and City officials.

We were particularly pleased to conclude negotiations and enter into an agreement with Central Vermont Public Service and NET Properties which provides for the reconstruction of the downtown Plaza and the construction of the Central Vermont Public Service Corporation Headquarters as well as improvements to the surrounding streets and infrastructure. We were also pleased with the District Commission agreeing to amend the permit for construction of the Zambias Mall allowing it to go forward without the need for renewed Act 250 hearings and incorporating the City Developer Agreement into the Act 250 Permit. There has also been limited involvement with the proposed Multi-Modal Transit Center as it progresses towards reality. We were gratified to see the payoff for many hours of work with the construction on the Hulett Building-State Office Complex and the groundbreaking for the new Price Chopper.

We have been involved in various areas of litigation which have not resulted in any particular surprises and the volume of cases brought against the City for damages due to

injuries continues to decrease. Nevertheless, it is troublesome, with a tight City budget, to be confronted with the costs of litigation even for those cases which resolve favorably for the City.

Another area in which this office has continued to be involved is labor relations and contract negotiations. During this fiscal year, primarily through efforts of the Mayor and the Fire Department Union leadership, a new labor agreement between the City and the Fire Department was reached well before the termination of the Fire Contract at the end of this fiscal year. The City was not as successful in its negotiations with the Police Union although progress in reaching an agreement is being made and I remain optimistic. Although the DPW Contract did not expire during this fiscal year we have been confronted with a number of grievances from the Union which have resulted in several mediations and arbitrations with final resolution for the most part not yet reached. On the other hand, several grievances have been amicably settled. A frequent topic of DPW grievances has to do with what constitutes bargaining unit work which must be performed by Union members, rather than private contractors, or other persons not in the Union. We are hopeful that much of the dispute can be resolved.

In conclusion, I want to again thank the Mayor, Treasurer, Assessor, members of the Board of Aldermen, members of all other City Boards and the Department Heads for making my job as City Attorney rewarding. I also wish to thank members of the legal community for their courtesy and most importantly, as always, thank the residents and property owners of the City of Rutland for making Rutland a great place to live and work. A special thanks is also extended to Doris Keller, secretary in the Legal Department for her dedication and hard work and in recognition of her having reached the ten year milestone of employment in the City's Legal Department.

Office of the City Clerk

Rosemary F. Finley, C.M.C.,
City Clerk

To the Citizens of the City of Rutland:

The following is the annual report for the office of City Clerk for the year ending June 30, 1993.

LAND RECORDS

9,223 pages of land records were recorded and microfilmed.

MEETING MINUTES

Minutes of the following meetings were taken and recorded:

- 25 Board of Finance
- 29 Board of Aldermen
- 13 Board of Highway Commissioners
- 14 Public Hearings/Board of Aldermen
- 11 Board of Civil Authority
- 4 Board for Abatement of Taxes

VAULT RESEARCH

During the year 2,969 people signed into the City Clerk's vault to do research in our land records and vital records.

VITAL RECORDS (Calendar Year 1991)

- 261 Resident Births
- 607 Non-resident Births
- 868 Total Births

- 230 Resident Deaths
- 273 Non-resident Deaths
- 503 Total Deaths

- 180 Marriages

LICENSES

Licenses issued to date for the current license year are as follows:

- 56 First Class Beverage Licenses
- 36 Second Class Beverage Licenses

- 23 Entertainment Permits
- 76 Tobacco Licenses
- 1,239 Dog Licenses
- 231 Rutland City Business Licenses as follows:
 - 1 Bowling Alley (32 lanes)
 - 23 Coin Machine (covering 97 machines)
 - 7 Mobile Home Parks
 - 9 Motel/Hotel
 - 28 Peddlers
 - 22 Pool Room
 - 104 Restaurant/Deli
 - 23 Retail Meat
 - 8 Taxi (covering 19 vehicles)
 - 2 Theater
 - 2 Transient Merchant
 - 2 Wholesale Meat

ELECTIONS

September 1992 Primary Election: In September 1992, 10,903 voters were eligible to vote in the City. Of that number only 2,132 voted in the Primary Election. 2,115 ballots were counted as follows: Republican—1,577, Democratic—537, Liberty Union—1. There were 17 spoiled ballots which could not be counted. 135 voters voted by absentee ballot.

November 1992 General and Special Election: In November 1992, 12,138 voters were eligible to vote in the City. 8,688 ballots were cast and counted. 909 voters voted by absentee ballot. Rutland City results of the major General Election races were as follows:

President:

- | | | |
|-----------------|-----|-------|
| Bush/Quale | (R) | 2,915 |
| Clinton/Gore | (D) | 3,888 |
| Perot/Stockdale | (I) | 1,722 |

U.S. Senator:
 James Douglas (R) 3,708
 Patrick Leahy (D) 4,641

Rep. to Congress:
 Tim Philbin (R) 2,815
 Bernie Sanders (I) 4,723

Vermont Governor:
 Howard Dean (D) 6,639
 John McClaughry (R) 1,766

Lt. Governor:
 Barbara Snelling (R) 3,238
 David Wolk (D) 5,067

The following State Representatives were elected to represent Rutland City Districts:

District 6-1 Jeff Conner (R)
 District 6-2 John Daley (D)
 District 6-3 Cheryl Hooker (D)
 Jerry Kreitzer (D)
 District 6-4 Curt McCormack (D)

The following local articles were voted on:

1. Charter Amendment to increase School Tax Limit: 3,993 yes, 3,905 no.

2. Swimming Pool Repair Bond: 4,679 yes, 3,311 no.

3. \$360,576 Redevelopment Authority Assessment FY92: 5,203 yes, 2,703 no.

4. \$183,000 Redevelopment Authority Assessment FY93: 4,936 yes, 2,793 no.

5. Urban Renewal Resolution: 5,076 yes, 2,213 no.

March 1993 Annual City Election: There were 11,992 voters eligible to vote in the Annual City Election. 5,932 voters cast ballots. 547 voters voted by absentee ballot.

The following officers were elected:

Mayor: Jeffrey Wennberg

Aldermen: Nicholas Barone; John Cassarino; Paul G. Clifford; Arthur Crowley, Jr.; Karen Moore; Robert A. Stafford

Treasurer: Ronald Graves

Assessor: John Collins

School 3 year term: Michael R.

Commissioner: Dick; Debra Marro; Terrence Moran, Sr.; John M. Sanborn

2 year term: Charles G. McCullough

1 year term: Reggie M. Columb; William H.

Meub; Madeline Sherman

The following questions were voted on:

1. \$183,000 Redevelopment Authority Assessment FY 94: 3,543 yes, 1,875 no.

2. Increase Veterans' Exemption to \$20,000: 3,312 yes, 2,174 no.

3. Adopt Downtown Redevelopment Plan: 4,095 yes, 1,368 no.

4. \$25,900 for Association for Retarded Citizens: 3,683 yes, 1,780 no.

5. \$9,115 for Bennington-Rutland Opportunity Council: 2,641 yes, 2,628 no.

6. \$46,140 for Marble Valley Regional Transit District: 3,744 yes, 1,736 no.

7. \$109,380 for Regional Ambulance Service: 4,606 yes, 1,006 no.

8. \$5,000 for Rutland Area Hospice: 4,033 yes, 1,451 no.

9. \$35,000 for Rutland Area Visiting Nurse Association: 4,506 yes, 1,119 no.

10. \$33,975 for Programs for the Aging: 3,795 yes, 1,688 no.

Report of the Purchasing Agent

Susan O. Eckhardt, Purchasing Agent

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Some significant changes took place this year. On November 1, Purchasing became an individual department and I was promoted to Purchasing Agent. Purchasing now reports directly to the Board of Finance. This should promote consistency in buying as the position is no longer a political appointment.

This office has been very busy assisting departments in procuring quality products at the lowest possible prices. Increasing vendor participation and competition has helped create better buying opportunities.

During fiscal year 1993, the Purchasing Office approved 3046 Purchase Orders. They were issued as follows:

- 1190 Department of Public Works
- 711 Recreation Department
- 371 Fire Department
- 309 Police Department
- 116 Building & Zoning Office
- 104 City Clerk's Office
- 68 Treasurer's Office
- 44 Community Development
- 41 Attorney's Office
- 40 Mayor's Office
- 19 Purchasing
- 17 Emergency Management
- 14 Assessor's Office
- 2 Health Department

Susan O. Eckhardt, Purchasing Agent

The department also issued Invitations to Bid for 78 different items ranging from Acetylene to Zinc Orthophosphate.

Whenever it will provide savings to the City, the State of Vermont Purchasing Department extends its bids and joint bidding is done with the Rutland City School Department. The list of items includes lightbulbs, highway materials, No. 2 Fuel Oil, Propane, Kerosene, Typewriter Maintenance, and Photo Copier Contracts.

I would like to thank the Board of Aldermen and Mayor Wennberg for their continued interest and support of more progressive financial management, the department heads and personnel for their constant cooperation, assistance, and input.

Emergency Management Report

Ira I Earle III, Director,
Emergency Management

To the Honorable City Council and
Citizens of Rutland:

I respectfully submit the Annual Report for the Emergency Management Department for the Year ending June 30, 1993.

I was appointed to the position of Emergency Management Director following the retirement of Mr. Aldo Manfredi after twenty-six years of service to the City in the above position.

Throughout the time from December of 1992–June, 1993 my department has been activated for many different types of emergencies. Most usually for assisting citizens of house fires to locate shelter and clothing as needed. However, there were several unusual emergencies during this time period which gave this department an opportunity to more fully use its resources.

Starting in December 1992 a broken water pipe at Templewood Court prompted Mayor Wennberg to activate this office and its resources to supply water for the tenants there. This was done with help of Vermont Emergency Management and the Vermont National Guard, who supplied water tankers for several days until the water system was back in working order. A special thanks to Dick Thomas Jr. for coming to our aid with one of his trucks until the National Guard was able to respond.

Then in February, we assisted the Fire Department in the evacuation of the Bardwell House when their pipes froze causing a potential fire hazard.

In March and April we were quite busy again. In the blizzard of 93, we manned the phones in the Emergency Management office for 72 hours and assisted emergency service personnel such as nurses and other health care workers with transportation to and from work with 4-wheel drive vehicles. As a result of all the snow, when the melting season began, our office maintained a constant vigil of the creeks and streams by noting the height and flow speed of the ice and water. This information

was then passed along to the appropriate agencies as needed.

This year the Mayor's Emergency Fuel fund was used more than had been reported in many years. Presume because of the length and coldness of the winter. This fund, through the generous contributions of the area Ecumenical council and others, was able to assist 58 families through the heating season.

Many classes for emergency services agencies were held throughout the region. This office assisted in sending many fire, police and emergency ambulance personnel to these classes—some of which are mandated by federal law. As these classes or courses become more available, this office will continue to assist emergency departments in our area in sending personnel, so as to maintain top grade emergency response personnel.

As co-chair of the Local Emergency Planning Committee, this office was able to secure funds for the purchase of two computers which are now located at the Rutland Fire Station and in the Emergency Management office in City Hall. They are available twenty-four hours a day for emergency hazardous materials planning and response. This office also was able to send several emergency response personnel to classes on the operations of the "CAMEO" systems.

As many of you may have noticed, the school crossing guards took on a new look with the purchase of new orange raincoats. During the school year, many complaints were received from the guards and teachers about speeding traffic. With the help of the City police and their new lidar (laser) radar unit, we were able to slow some of the traffic down near the school intersections.

Rutland Fire Department

Gerald T. Lloyd, Chief Engineer

To The Honorable Board of Aldermen and the Citizens of the City of Rutland

I respectfully submit the annual report for the City of Rutland Fire Department for the fiscal year June 30, 1992 to July 1, 1993.

During the past year, your fire department has responded to 471 emergency fire calls, 57 hazardous materials incidents which involved several various types of hazardous materials, 321 fire prevention and plans review inspections, and 147 electrical inspections.

The Vermont Department of Labor and Industry, together with the City of Rutland Fire Department, have made recommendations concerning code compliance in the City of Rutland schools. The work associated with these recommendations is expected to be completed, with all fire alarm systems tested and certified prior to the schools opening for the new school year on August 30, 1993.

Our department responded to two General Alarms during the past fiscal year, the most serious alarm occurring in the early morning hours of November 8, 1992, at 178 Baxter Street. When this Department arrived the entire building was engulfed in flames and a partial collapse of the structure had occurred. The owner of the dwelling lost her life during this incident. The cause of the fire was determined to be accidental and was traced to a defective chimney which ignited combustible wood products. Our second major fire took place on March 12, 1993 at 12 Southern Boulevard; this dwelling suffered heavy smoke and fire damage. It is presently being renovated and it is expected that the owners will be moving back into the structure sometime after July 15, 1993. No firefighters were injured while fighting these serious fire incidents.

The Vermont State firefighter's Association held its 103rd annual state convention and conference on July 31 and August 1, 1992 in Rutland. August 2, 1992 was the date of the 103rd annual firefighters parade with participants from as far away as the State of Pennsylvania. This convention was a great success, and the hospitality shown to the

firefighters by our City's merchants and residents was greatly appreciated by the officers and members of the State Firefighters Association, and they hope to be able to return to this location in the near future. August 13, 14, & 15, 1993, are the scheduled dates for the 104th annual State Firefighters Convention, which will be held in Bennington Vermont.

The Sutphen Corporation of Amlin, Ohio was the successful bidder for the new Engine 2, and this vehicle was delivered to this department on July 30, 1992 and it has been in service since the date of delivery. Engine 2 was utilized during the suppression of two major fires that took place during fiscal year 1991-1992.

A new radio system has been installed and is operational with the exception of a telephone communications line that will be installed on Sheldon Towers and a multi-purpose antenna which will be located on Pico Ski Area. This antenna will provide radio coverage for our department when responding to emergency situations in the Mendon area. The estimated completion date for the new antenna and radio patch line is September 1, 1993.

Cues Corporation of Amherst, New Hampshire was the successful bidder for the new 47 foot Bucket Truck. This unit was delivered on April 1, 1993, and has been in operation since that time.

Our department is continuing its ongoing training in an effort to train all our firefighters to level III. The challenge exam for Level I & II is scheduled to take place in October 1993. Preparation for Level III will continue, once certification of Level I & II has been achieved.

Firefighters Ernest Cioffi and Lawrence Dellveneri have developed a High Angle Rope Rescue Course, which is now being taught at regional fire schools and to other departments in this area.

The Fire Prevention Program was once again taught to the school age children, grades K-4, under the direction of Capt. Gary Gregorio and Lt. Michael Walsh, with

firefighters from our department making the presentations to the schools. Thanks to the efforts of these firefighters, this program has been very successful with approximately 700 children being provided fire safety orientation and fire prevention hand out literature.

The American Legion Post 31, has once again provided this department, a generous donation in the amount of \$1,000.00 in the name of the late Chief Alfred H. Koltonski. This donation will be used to install computer programming, and a printer in our dispatch area to assist the officers and members of this

department, to have quick reference for hazardous materials, hydrant locations, and types of occupancies for when we are responding to emergency calls. The estimated date for the installation of this equipment is October 1, 1993. The members of our department would like to thank Post 31 for its generous donation to our department.

I wish to thank the members of this department, Mayor Jeffrey Wennberg, the members of our City Council, and other department heads for their assistance and cooperation that has been provided during the past year.

Grand Juror/Assistant City Attorney

Christopher P. Sullivan, City Grand Juror/ Assistant City Attorney

To the Board of Aldermen and Citizens of the City of Rutland:

Criminal fines collected for fiscal year ending June 30, 1993 were \$ 48,514.50.

The Planning Commission presented proposed zoning regulations on February 16, 1993 to the Board of Aldermen. The Board of Aldermen referred the zoning regulations to the Charter and Ordinance Committee for review. A public hearing has been held with more public hearings to be held in the future. This office has reviewed the proposed zoning regulations and will continue to do so as the process moves to the final public hearing and action by the Board of Aldermen.

In addition to the duties as Grand Juror, this office as Assistant City Attorney, has continued to advise and counsel the Board of Aldermen, Board of Civil Authority, Planning Commission, Board of Liquor Control Commissioners and the committees thereof as well as many administrative committees. This office along with the City Attorney, split duties regarding the Zoning Board of Adjustment and variance appeals and assists the city

Attorney with other matters when requested.

Further, this office continues its efforts regarding enforcement of local ordinances. To help with this increased enforcement, the recodification of the local ordinances and charter continues as well. This process involves the revision of the ordinances and charter for better control of local issues. This recodification will update and correct any ambiguities, vagueness and inconsistencies within the ordinances and some charter provisions and will enable this office to enforce those situations that are now difficult to prosecute because of such ambiguities, vagueness and inconsistencies.

Again, I have enjoyed yet another year and look forward to this coming year and its challenges.

Thanks are due to each member of the Board of Aldermen, Mayor Wennberg, all City Department Heads and the City Clerk's and Treasurer's Offices for their support and assistance.

*Seated: Nancy Beauchamp, Carolyn Baker
 Standing: John Hock, Joseph Gallagher, Kevin Smith
 Missing: C. Austin Burbank, Sharon Davis, John A. Facey, III, Kathleen Valente*

Planning Commission

Carolyn Baker, Chair

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

As Rutland continues to move forward, the Planning Commission is pleased to be a part of that process. With the completion of the Municipal Plan and the adoption by the Board of Aldermen, the Planning Commission devoted most of its efforts in the past year toward drafting new Zoning by-laws.

New zoning by-laws are important to Rutland's future. Current zoning dates back to 1948 and is unable to address the development issues facing the city today. It has been a challenge to the commission to balance the concerns of the citizens with the needs of Rutland for economic growth. The new zoning by-laws should allow the two to be compatible.

Zoning by-laws were developed with the Master Plan as our guide. The Planning Commission used a lengthy careful process in order to gather as much input as possible from many sources, i.e.; neighborhood assemblies, Rutland Redevelopment Authority, Zoning Board of Adjustment and members of the administration. Participation was extensive and extremely helpful to the com-

mission as many suggestions were incorporated into the zoning by-laws. A public hearing was held by the Planning Commission in December and then the final draft was sent to the Board of Aldermen. The Planning Commission continues to make itself available to them for consultation. The process of developing the new zoning by-laws is ongoing.

Many citizens attending the neighborhood assemblies requested that the Planning Commission look at the possibility of creating an Historic District. A committee has been formed to do so. We also continue to support the formation of a bike path and the Rutland Redevelopment Authority in its design review process.

We are looking at ways of formalizing the process for subdivision applications in order to improve reporting and record keeping.

Changes in membership occurred with the resignation of Rick Gorruso and Patrick Firliet. I wish to thank them both for their hours of service and contributions to the commission. I also wish to thank the Mayor and the Board of Aldermen for two fine appointments, John

Hock, from the business community, and Attorney Jack Facey.

I wish to thank all members of the Planning commission for the time and energy they have invested in Rutland's future. The Com-

mission wishes to thank Tom Donahue, Jim Simonds, Attorney Chris Sullivan and Cathy Diana for all of their support throughout the year.

Health Officer

Pamela J. Petrie, Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Health Officer for the fiscal year ending June 30, 1993.

The Board of Health consists of Robert Beauchamp, R. Ph., Ernest Bove, M.D. and Gordon B. Smith, M.D. This board acts in a supportive role by assisting and advising the Health Officer in matters regarding public health.

Throughout this past year, both the Health Officer and the Board of Health have maintained close supervision over the weekly testing of City water, with the cooperation of the water treatment manager. The Board is continuing to keep abreast of the progress of the City Water Department in its efforts to comply with the mandates of the Safe Drinking Water Act.

This year we have again had numerous public health nuisance allegations requiring investigation, some of which have involved

the help of the Department of Health in Burlington. A large quantity of these complaints concern the improper disposition of refuse and its resulting problems. There is a rabies epidemic headed our way and this refuse is an attraction for the wild animals who will be spreading the disease. While we are all trying to be as prepared as possible for the virus when it arrives, a more concerted effort needs to be made by all the factions involved in finding a cost effective program usable by all for refuse disposal.

On behalf of the Board of Health and myself, I would like to thank Mayor Wennberg, the Board of Aldermen, all City Department Heads and their personnel for their continued support. In closing, I would again like to thank the many concerned citizens of this city for their assistance, cooperation and support, for without their help, many of the health issues would go unresolved.

Milk Inspector

Pamela J. Petrie, Milk Inspector

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I respectfully submit the annual report of the Milk Inspector for the fiscal year ending June 30, 1993. The milk inspector is responsible for all the annual licensing of all businesses in the City of Rutland which process or sell milk or milk products. As most of our milk producers are located outside of the city

limits, we have been fortunate to obtain the necessary testing reports on these milk products determining that they meet all state requirements.

129 annual milk licenses were issued and 25 milk licenses issued at the Rutland Fair, with no problems being reported!

City Assessors Office

John J. Collins, City Assessor

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 1993.

The Grand List at April 1, 1993 totaled \$678 million, a decrease of \$3 million from the 1992 Grand List. The decrease was due primarily to the \$6 million loss in value of the former Vicon trash incinerator; the plant was denied satisfactory operating permits by the State causing its new owners to abandon efforts to utilize the plant for its designed purpose. Offsetting this decrease was a modest growth of \$3 million in the remaining areas of the Grand List.

The Real Estate market continues its slump of recent years. In general, values in the City appear to have peaked during the 1990-1991 time frame and have fallen some since then. In the aggregate, values as determined from valid sales are now about 10% over 1988 levels, after having peaked at approximately 15%-20%. Today's market has not changed significantly over last year's which should indicate that the bottom has been reached.

Sales volume, however, continues at less than half of the prerecession annual pace.

In this market the 1988 city wide reappraisal continues to be reasonably equitable, and has actually proven beneficial to the City for State Aid to Education purposes. This together with a lack of sufficient sales volume to generate the broad base of data required to accurately and fairly appraise all property in the City means that the next reappraisal is still several years into the future.

Mary Ellen Shaw, our very capable secretary for several years, has been reassigned to the Treasurers Office during this lull in market activity; her cheerful assistance both to this office and to taxpayers will be missed.

I would like to take this opportunity to thank the taxpayers for their patience and cooperation, the offices of: Treasurer, Clerk, Building Inspector, Attorney, Data Processing for their assistance and cooperation, and also the Board of Civil Authority for its efforts over the past year.

Police Department

Robert R. Holmes, Chief of Police

To the Honorable Board of Aldermen
and the Citizens of the City of Rutland:

I hereby respectfully submit the Rutland Police Department Annual Report to Mayor Jeffrey Wennberg, the Honorable Board of Aldermen, and the citizens of the great city of Rutland.

For the past several years, the State of Vermont and the nation have been plagued by an economical recession which has influenced a steady decline in general City revenue. Consequently, FY1992-93 was the third consecutive year the Rutland Police Department suffered a reduction in force. These reductions have been accomplished through attrition, and no one has been laid off or otherwise forced to leave. With the voluntary resignation of Detective Sergeant Rollie Powell in July, 1992, one sergeant's position was eliminated and one corporal's position was voluntarily reduced to police officer. The net result was a reduction from 37 sworn positions in FY1991-92 to 36 sworn positions in FY1992-93. There was no reduction in the nine non-sworn positions, leaving a total FY1992-93 force of 45.

The loss of one position in FY1992-93 represents only a 2.2% reduction in manpower from the previous year. It becomes significant when combined with the loss of five sworn police officer positions and one civilian position over the course of the three previous years. The net result has been a decrease from 42 to 36 sworn officer positions and one non-sworn civilian position for a total of 13.5% overall reduction in the Police Department work force within a four year period.

I am proud to announce, however, that an analysis of statistical data tends to indicate that the effectiveness and efficiency of the Department over this period has not diminished. Rather, it has increased significantly. The 1992 Uniform Crime Report, published and distributed by the U.S. Department of Justice, indicates that Index Crimes Rate throughout the country has increased 4% since 1988, while in Rutland during the same period, the crime rate has decreased 21.9%. (Note:

Captain Anthony Bossi, Chief Robert R. Holmes

some minor discrepancy may exist due to U.S. figures based on calendar years and Rutland figures based on fiscal years.)

Crime in the United States increased steadily from 1988 to 1991 and then decreased in 1992 to a level equal to 1988. Rutland experienced similar crime patterns during those years, except there was a dramatic decrease of 35.4% in FY1991-92. The 1992-93 Index Crimes (Part One) decreased an additional 21.2% which was 22% below the 1988 numbers.

Other indications of improved police effectiveness are in the criminal arrests, motor vehicle citations, and traffic accident statistics. In FY1992-93, Rutland Police Department recorded a 48.5% increase in the total number of arrests, 2.7% increase in motor vehicle citations, and only a slight increase (2.4%) in the total number of traffic accidents reported. The 2.4% increase from FY1991-92 is remarkable in that FY1991-92 was the lowest accident year in the past five and the total number, 947, is still lower than the 1,055 accidents reported in FY1990-91.

Another indicator of the effectiveness of the police lies in the public attitude and response to police action. This can be measured, in part, by the number of documented citizen complaints of officer misconduct and unsolicited citizen commendations regarding good conduct as compared to enforcement action. With the 48.5% increase in arrests and 2.7% increase in motor vehicle citations issued in FY1992-93, there was an increase of only one

Rutland Police Commission: R. Richard Smith, Chairman; Sister Judith Levins, Dr. Robert Parker, Mrs. Mary Goodwin, Edward Grover

citizen complaint (from 16 to 17) and a 48.5% increase in the number of citizen commendations received (from 47 to 70). It should be further noted that compared to FY1989-90, the first year these statistics were reported, the allegations of police misconduct have decreased 71.6% while the commendations have increased 27.2%

There are several reasons the effectiveness and efficiency of the Department has continued to improve with fewer personnel. Three of the six positions eliminated over the course of the last four years, including the sergeant's position eliminated in FY1992-93, were command and supervisory positions. Therefore only three line positions have been lost. To compensate for this loss, a 12-hour watch schedule for all patrol and dispatch personnel was negotiated with the Police Union and was implemented in January, 1993. This schedule provides more effective patrol coverage for less cost than was previously provided with three additional officers.

Department efficiency was further improved with the implementation of a new computer system. After six months of study and evaluation, in November, 1992, the Department contracted with Vermont State Police, E.R.I., and Spillman Software to purchase a computer-aided dispatch and records management system. The system went online in January, 1993, with 16 work stations

networked with 13 State Police barracks. It provides for call tracking from first initiation, a completely automated record system, allowing records access 24-hours per day by all personnel; sharing of name and incident data base with the State Police and all other users; and direct report entry by officers to eliminate handwritten reports and the need for individual typewriters and word processors. In addition, the new system enhances police ability to track criminals, provide strategic data, and generates statistical reports under the National Incident Based Reporting System which is designed to replace the Uniform Crime Reporting System in the next few years.

The new computer system, including hardware, software, and installation cost approximately \$74,000, which was paid for by non-tax generated funds. Approximately \$39,000 came from drug forfeiture funds; \$5,000 from Federal Emergency Management; \$10,000 from the Plaza Impact Fund; and \$20,000 from the Alpine Pipeline Fund. It is anticipated that as the personnel become more proficient with the system, the data base increases, and additional features are added, the department efficiency will continue to improve.

In FY1992-93, the Police Department reopened the Rutland Police Firearms Training Range, located near the City Reservoir in Rutland Town. Through the efforts of Senior Range Instructor Mike Warfle, Project Manager, permission to redevelop and open the range was obtained from the Rutland Town Board of Selectmen, Mayor Wennberg, and Public Works Commissioner Robert Navin. The required excavation was donated by the Department of Public Works, and all labor was volunteered by individual of the Police Department. No additional funds were required to open or maintain the facility. With this new facility, the Police Department has been able to greatly improve our firearms and self-defense training and reduce overtime costs considerably while keeping more officers on the street.

The public image and professional pride of the Department grew with the development of a new Police Department Honor Guard which was formed in May, 1992, by a group of nine volunteer officers. The new Honor Guard

was first introduced to the public during Law Enforcement Week at the Memorial Service which rededicated the Final Beat Monument in front of City Hall. Since then, the Honor Guard has represented the Department in several police funerals and ceremonies. The Honor Guard officers donate their time to all practice sessions and details, and have become a source of pride for the entire organization.

In closing, I would like to thank the Police Commission, Mayor Wennberg, all members of the Board of Aldermen, and the Police Department staff for their efforts and support in making FY1992-93 a successful year. More importantly, I would like to publicly recognize the individual members of the Department for their commitment, dedication, and hard work throughout the year for which I am extremely grateful.

Police Department Representatives:

Department of Public Works

Robert J. Navin,
Commissioner of Public Works

To the Honorable Board of Alderman,
and the Citizens of the City of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 1992-93.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. Among them are day to day maintenance of City Streets, Sewer Collection Mains and Water Distribution Mains, the Wastewater Treatment Plant, the area comprising the City's Watershed and the Water Treatment Plant. In addition, the Department responds to citizen complaints on a daily basis and emergency situations on a 24 hour basis. Citizens are reminded to contact the Police Department for emergency situations when the Department's business office is closed.

A special note of thanks is extended to the Public Works employees, Mayor, Board of Aldermen and Citizens of Rutland who have assisted the department.

The Department of Public Works should and will continue to serve the Citizens of the City of Rutland to the best of its ability.

Engineering

Warren E. Conner,
City Engineer
Alan Shelvey,
Asst. City Engineer

The Engineering Division under the direction of City Engineer, Warren Conner, provides survey, design, and other engineering services for all divisions of the Department and for other departments within the City government.

As part of these services the Engineering Division compiles and constantly updates plans and records of the water distribution system, the water treatment facility including records, and inspections of sewer systems in

the City's watershed, the sewer collection system, the sewage treatment plant, and the City street system. In addition, the Division reviews all developments in the City's watershed. The Division also reviews and oversees water and sewer designs and specifications for projects let out for bid, and for streets and utilities built by developers which are to be taken over by the city upon completion.

Phosphorus Removal Facilities at the Wastewater Treatment Plant were constructed and put on line in June (1993). This project included conversion of the chlorine and sulphur dioxide systems from gas to liquid and removal of these facilities from the administration building. These new facilities will make the handling of these chemicals much safer.

The first phase of the City's combined sewer overflow abatement project which included an additional force main from the River Street Pump Station to the Treatment Plant and a new grit removal facility is under construction and is anticipated to be completed early next fiscal year.

Construction inspection of both the phosphorus removal and the combined sewer overflow projects were done by Dufresne/Henry, Inc. with oversight by the Engineering Division.

The new bridge/culvert on Strongs Avenue at Moon Brook was completed this fiscal year.

Based on the successful results of the two year pilot plant study conducted by this division a design of a Slow Sand Water Filtration Plant is underway and construction is anticipated to start during the next fiscal year. The final design for this plant is being developed by Wright Engineering, Inc.

The Division is currently working with the Vermont Agency of Transportation (VAOT) on several highway projects proposed for Rutland City, the most significant of which are:

- The much needed reconstruction of the pavement on the entire length of Woodstock Avenue and on North Main Street from Aiken Place to Mansfield Place. The design has been completed (by the VAOT) and construction is anticipated to begin early next fiscal year.

- The project to reconstruct and widen (to five (5) lanes) the intersection of Woodstock

Avenue and Stratton Road is in final design (by the VAOT). Construction is anticipated to begin late next fiscal year.

- The Traffic circulation and signalization study of all signalized intersections in the City has been started by the consulting engineer selected by the VAOT, Clough Harbor Associates.

The Division is currently working with Rutland Redevelopment Authority and the Community Development Director on several projects including the Rutland City Plaza Reconstruction, the new State Office Building, proposed parking lots, and associated projects. In conjunction with the Rutland City Plaza Reconstruction a consulting engineer, Clough Harbor & Associates was selected to design the proposed Spruce Street Extension. This 1.5 million dollar project is presently under design and construction is anticipated for late next fiscal year. The project is being funded with a 100% grant from the U.S. Department of Housing and Urban Development.

The Division is working closely with the Marble Valley Regional Transit district on the proposed multimodal transit center proposed for the Willow-Edson area.

The Division is also responsible for ongoing ground water quality monitoring at the now officially closed city landfill.

The Division reviewed 353 building permits in conjunction with the Building Inspector's Office.

The Division also provides information to contractors, engineers, surveyors and others concerning location of city utilities, performs all traffic engineering functions for the City, prepares necessary easements and executes other duties of an engineering nature as required.

The Engineering Staff consists of Warren Conner, Alan Shelvey, John Havens, and Peter Kelley.

City Forest and City Ornamental Trees

David Richards, City Forester

The City Forester is in charge of all forestry work including management of the city's or-

namental trees and the 4,000 acres of the city forest in the watershed.

The sale of all timber on the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustained yields of usable water. Timber sales include sawlogs, firewood and pulpwood. Sales are marked out so as to improve the timber stand which remains while providing income for the City. Trees over 8" in diameter at breast height which do not promise to develop into sawtimber quality stems are removed. Large straight trees are left to become more valuable and to provide genetically superior seedlings.

The Vo-Tech School's forestry program continues to use the Rutland City Forest to train students in logging techniques.

There were three (3) timber sales on City Forest land during the year, the contractor and the amount of money to be paid are as follows:

Timothy Poczubut - \$64,000.00 plus construction of 2,750 feet of truck road.

Ralph Page - \$16,531.00 plus \$4,900.00 for additional stumage in clearcut area for new treatment plant.

Ralph Page - \$7,000.00

Under the City's ornamental tree program we have tried to maintain the beauty of our City by properly caring for our trees. This includes removal of dead and dying trees, removal of dead limbs, installing metal cables or metal rods to prevent splitting, removing low hanging limbs for street and sidewalk clearance, fertilizing trees and planting new trees.

The City of Rutland received the honor of being named "1992 Tree City USA". To receive the award a city of town must meet the following criteria:

1. A Tree Commission or similar Department with legal status which implement an annual work plan to care for and maintain the communities trees.
2. A Tree Ordinance.
3. A Community Forestry program.
4. An Arbor Day Observance or proclamation.

On May 5, a Tree City USA flag was raised in a ceremony in Main Street Park which in-

volved state and city officials, and interested citizens. Mayor Wennberg was presented with a Walnut Plaque honoring the city as "1992 Tree City USA". We were also given two (2) Tree City USA signs which are located at both entrances to the city on Route 7/Main Street.

On May 8, 1993, the City of Rutland celebrated Arbor Day. All students in Grade 5 (five) in the public school system were given a Norway Spruce seedling to take home and plant.

Also twenty (20) shade trees were planted along Center Street using volunteer labor.

During the fiscal year the City used four (4) Federal Grants to fund the following projects:

1. Plant twenty (20) shade trees on Center Street.

2. Give Norway spruce seedling to school children to take home and plant.

3. Planted a 3" caliper Ash on November 19, 1992, on the lawn of City Hall to commemorate Rutland's 100th anniversary of being a City.

4. Entered locations of all Rutland's shade trees on our computer and put in all potential new tree planting locations.

There are two (2) other Federal Grants which the City has not implemented yet. One is to plant twenty (20) shade trees on West Street. The second is to identify large shade trees which are valuable as street trees but are on private property and try to encourage proper care for them.

Last fiscal year 442 trees received tree maintenance and 20 trees had to be removed. There were 258 trees planted and these consisted of about ten (10) different types of trees.

Streets Division

Paul Julius, Foreman

Hot Mix Bituminous Concrete

Paving Program:

6,625.63 tons of paving was put in place by Pike Industries. Streets were bombed and paved at a cost of \$300,000.00.

Streets paved or portions of were Stratton Road, Hilltop Terrace, Gilrain, Jackson Avenue, Jackson Heights, Olmstead Place, Spellman Terrace, East Center Street, Harr-

ington Avenue, Clematis, Division, Tuttle Meadow, North Street, Vernon Street, Pearl Street, East Street, Lincoln Avenue, Temple Street, Granger Street, Forest Street, Baxter Street, Pine Street, Cherry Street, Royce Street, Washington Street and Grove Street.

The Department installed approximately 1,007 feet of concrete curbs and 309 feet of granite curbing. The Department installed 1,087 feet of concrete sidewalks.

The Department personnel responds to calls from the Police Department for filling holes, small repairs, tree removal and storm damage.

The Department sets out barricades and stands for parades, sidewalk sales, special events and election booths for elections.

Snow & Ice Removal

A total of 3,909.39 tons of salt at a cost of \$153,689.10 and 874.75 tons of sand at a cost of \$2,791.96 were purchased costing a total of \$156,481.06.

Wastewater Treatment Division

Lewis Hotaling, Chief Operator
Mike Garofano, Lab Director

Over the past year the Wastewater Treatment plant recycled a total of 1,792,700,000 gallons of water. The conditions of our discharge permit were met with the exception of a few non-significant violations. This facility was inspected by the Vermont Department of Water Resources and was found to be in excellent condition in all areas of operation and maintenance as well as self monitoring and record keeping.

It has been an extremely busy year. The plant has been undergoing two upgrade projects simultaneously. By state and federal mandate, our treatment level has been increased to remove phosphorus from the wastewater stream. This is done by adding a chemical to our treatment units that will bind with the phosphorus and force it to settle out in the final clarifiers with the rest of the sludge.

The second project, also by state and federal mandate, is designed to allow the treatment plant to handle a larger volume of storm water runoff which will reduce the frequency and duration of combined sewer overflows to the Otter Creek during storm events.

Most of the equipment from these two projects is now on line and we are currently going through the usual shake down period of testing, calibration and punchlist items.

We would like to take this opportunity to thank the Public Works Commissioner, Mayor Wennberg, and the Board of Aldermen for their continued support of the treatment plant operations.

Wastewater Collection Branch

James Ward, Chief

The Wastewater Collection Branch has completed the following work for fiscal year 1992-1993 with the following employees:

Sewer Specialists:

Tyler Earle
Robert T. Tyler, Sr.
Steve Davine
Fred Wood
Backhoe Operator
William Santwire
Tom Brown

Cleaning sewers, maintaining and cleaning basins with Vactor, snow removal and sanding for Street Division.

Repair Basins	19
Replace Basins	27
Repairs to Sanitary	
Mains & Services	25
Total Footage of pipe	1346'
Repairs to Storm Sewers	31
Total Footage of pipe	459'
Repair Manholes	12
Replace Manholes	21
Response to sewer problems	52

Water Distribution Division

Bruce Matt, Manager
Robert Harvey, Foremen

Water Main Projects, between July 1, 1992 and June 30, 1993:

Harrison Avenue

In approximately 20 working days, Water Department personnel excavated, installed approximately 15 house services from the old 4" to new 6" main, cutover two intersections, installed (2) new hydrants, backfilled, tamped and placed (temporary) UPM on excavated areas and driveways, topsoiled and seeded grass area.

Royce Street

Installed approximately 950 feet of new 6" ductile iron pipe, 2 new hydrants, and transferred approximately 25 house services over to new main to replace older 3" water mains.

Fire Hydrants

The entire system was checked during the year, once to ensure ease of operation and flow conditions; and again during the winter months to check for water infiltration and possible freeze ups.

Metering

There are approximately 20,000 meters to be read during the year, with related customer complaints, repairs, etc. to be taken care of.

Many thanks to the Water Department Personnel that daily handle water related services for the City of Rutland.

Water Maintenance Specialists

James Lawrence
Kevin Schaner
William Franzoni
Heavy equipment Operator
Donald Roberts
Truck Driver
Lawrence Hall
Meter Reader
Bruce Taylor
Rick Battles
Records Clerk
Thomas Crosby

Comparative figures for the past three years work programs are:

	90-91	91-92	92-93
Main Replacements		650'

Rutland Recreation & Parks Department

John W. Cioffredi,
Superintendent

To the Honorable City Council and
Citizens of Rutland:

I respectfully submit our Annual Report of
events and activities, sponsored by our De-
partment for fiscal year ending June 30, 1993.

FACILITIES

Edwin W. Lawrence Recreation Center
86 Center St., Box 791 / Phone #773-1822.
Department Offices, Meeting Rooms, and
Gymnasium.

Godnick Senior/Adult Center
Off Deer St. Phone #773-1853
Meeting Rooms, Craft Room, Meal Site.
Park Area: Shuffleboard Courts, Horseshoe
Pits, Gazebo & Picnic Area.

Giorgetti Park
Located off Oak St. Extension
2 Basketball Courts, 2 Paddleball Cts., 1
Baseball Field, 1 Softball Field, Nature trails
& Ice Skating Rink.

Monsignor Connor Park—Meadow St.
2 Lighted Basketball Courts, 3 Lighted
Tennis courts, 1 Wading Pool, 2 Softball
Fields & Playground Apparatus.

John W. Cioffredi Park
Located off Temple Street
2 Softball Fields.

White Memorial Park—Off Avenue B
Swimming & Wading Pools, Playground
Apparatus, 1 Ball Field, 5 Tennis Courts, 2
Platform Tennis Courts & 2 Basketball
Courts.

Rotary Park—Off North Street
4 Tennis Courts, Field House, Playground
Equipment, 1 Basketball Court, Lighted
Softball Field & two handball walls.
Lighted Race Track.

Mini Parks—Designed for Tiny Tots
Locations:
Corner of River St. & Meadow St.
Corner of Madison & Prospect Sts.

*Seated: Stephen Canney, Jr., Elizabeth
Mumford, John Cioffredi, Lori Manning
Standing: William Holland, Edward Griffiths,
William Reardon, Carolyn Barter, Keith Litts,
Jeffrey Pratt*

Main St. Park—Main Street
Gazebo, Benches & Picnic Area.

Center St. Alley Park—Downtown
Waterfall, Benches & Picnic Area with
Summer Concerts and Performances.

Depot Park—Downtown
Bench area and Farmer's Market location
on Wednesdays & Saturdays during
summer.

Alexander Keefe Memorial Park
Playground area w/ Climbing Structure

YOUTH ACTIVITIES FOR FALL & WINTER

Gingerbread House	Grs. K-8
Mom & Me Gingerbread	Ages 3-6
Beginning Pottery	Grs. K & up
Saturday Crafts	Grs. K-3
Mom & Me Crafts	Ages 3-5
After School Crafts	Grs. 3 & up
Babysitting Course	Ages 10-13
Children's Play Group	Parent/child
Adventures of Tom Turkey	Ages 3-5
Gymnastics	Ages 5-13
Totnastics	Ages 3-5

Fall Soccer League	Grs. 1-6
Flag Football League	Grs. 5-8
Girl's Basketball Camp	Grs. 5-6
Basketball League	Grs. 5-6
Basketball League	Grs. 3-4
Boys Intra. Basketball	Grs. 7-12
Girls Intra. Basketball	Grs. 7-12
Rollerblading Camp	Ages 8-18
Volleyball Club	Grs. 7-12
After School Program	Grs. 1-6
Junior High Dances	Grs. 7-8
S.A.T. Preparation	Grs. 9-12
Ice Skating Lessons	Ages 6-up
Boating Safety Course	Ages 17-up
Recreational Ice Skating	All Ages
Recreational Rollerblading	All Ages

SPECIAL EVENTS

Programs Run in Conjunction with the Rutland Free Library at the Lawrence Recreation Center for ages 4 and up.

NO STRINGS MARIONETTE—Oct. 17

HA PENNY THEATRE—Nov. 11

ICEFIRE PERFORMANCE—Dec. 12

DAS PUPPENSPIEL PUPPET—Jan. 9

SINGER JIM MEE—Feb. 27

HALLOWEEN EVENTS

Our "33rd Halloween Parade" was held October 31. Events included: A Haunted Halloween party for grades K-4, Haunted Hobgoblin Hike, O'Lantern Contest and party at the Loyal Order of Moose Club. The parade was led off by "Queen" Bridget Burgess of West Rutland High who was chosen from area High Schools, and ended with "Jack O'lantern" Superintendent Dr. W. Richard Brothers.

CHRISTMAS EVENTS

Ice Cream Social with Mr. & Mrs Claus—for children age 3-5. Ice Cream was donated Ben & Jerry's.

"Santa Phone Calls"—Dec. 16 & 17. A direct line to the "North Pole"

"SANTAsia"—Fantasy world of Santa and Mrs. Claus, Santa's elves and Disney storybook characters that come to life.

ADULT ACTIVITIES FOR FALL & WINTER

Adult Volleyball Leagues
Adult Open Gym Hours-RHS/Rec. Ctr.
Boating Safety
Combination Impact Aerobics
Golf Practice & Lessons
Yoga
Aerobics
Combination Aerobics
Bench Step Aerobics
Body Toning & Conditioning
Square Dancing
Flower Arranging
Christmas Crafts
Ice Skating Lessons
Art in the Park—October
India Cooking

GODNICK ADULT CENTER PROGRAMS

The Rutland Recreation And Parks Department's Godnick Adult Center is an integral part of the City of Rutland Community. Located at 1 Deer Street, the Godnick Center offers a wide selection of programs, services and activities for the Adults Citizens of the community.

Recreation Programs Held At The Godnick Adult Center

Classes/Workshops
Painting Class—Beginning & Intermediate to Advanced
Calligraphy
Basic Drawing Class
Hand Building Pottery
Creative Writing
Quilting
Holiday Crafts
Country Crafters

RUTLAND SCHOOL DEPARTMENT

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school age child who is not currently being served, please contact the Pupil Personnel Office at 773-1917.

Department of Education

Dr. W. Richard Brothers, Superintendent of Schools

Dr. Michael Dick, President, Board of School Commissioners

To the Citizens of Rutland:

As your city schools opened this September there was evidence of renovation work in all buildings. All district employees worked very cooperatively with the contractors and all schools opened, not only on time, but with a renewed sense of optimism about Rutland City education.

Perhaps the most exciting news this year is that the new high school is under construction. The project is on schedule as of this writing. We are planning for a completion date of August 1, 1994. The new school will be linked to and share space with the Stafford Technical Center, and will project for the larger Rutland community an academic-technical center of unparalleled potential for economic development of this region.

For the city school district, the new high school will free the Library Avenue complex to house grades 5 through 8 and other services of the district, creating desperately needed space in the city's elementary schools.

Other good news for the city this year was the additional school construction aid voted for eligible school districts by the state legislature. This extra aid will amount to approximately \$1.2 million for Rutland City Schools.

One of the most important functions of any School Board and Superintendent's office is the hiring of personnel. Just before school opened this year the district was fortunate in securing the excellent services of Mr. David Wolk as High School Principal and Mr. Glenn

Giles as Supervisor of Music and Fine Arts. These two individuals are already beginning to have a very positive impact in their respective assignments.

Last year we spoke to you about the new Instruction and Learning Council. The Council completed its work on a very successful note by developing six major recommendations to spur further planning. The Council has now evolved into the Rutland Education Planning Council and six action Committees have been formed to develop strategies to implement the six major recommendations. We expect to have many strategies available for springtime budget discussions with the School Board. Our goal is to introduce new approaches to solving some of our educational needs in school year 1994-95.

Finally, everyone involved with your city schools are gratefully thankful for the public support demonstrated last November in approving the charter tax increase for education. We continue to pledge to you our commitment to operate your school system in a very cost effective manner, attempting to keep necessary increases as small as possible. We will also continue to work with our state representatives in searching for a more equitable method of sharing state resources with the city.

In closing, the Board and administration wish to assure city residents we are doing everything possible to maintain a system of quality education for our children.

Back Row: Richard Gorruso; William Holland; Alton Wilkinson; Charles G. McCullough; Reginald Colomb; and Terence Moran
Missing: William Meub; Ronald Austin

Marble Valley Regional Transit District, "The Bus"

Lawrence A. Dreier, Administrator MVRTD

Nicholas A. Barone, Representative

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Marble Valley Regional Transit District (MVRTD), generally known as "The Bus" is entering into its 18th year of service to the residents of the greater Rutland area. MVRTD is the largest non-urban public transportation system in the State of Vermont and as such provides transportation to the general public in Rutland County, as well as to Social and Human Service Agencies, schools and area businesses. MVRTD provides an enhanced level of self-sufficiency for the elderly, disabled and transportation disadvantaged who need transportation or are committed to the environmental benefits of public transit use. MVRTD has become a valued asset to the communities it serves. System ridership has increased approximately 35% over the past three years with the addition of and modifications to "The Bus" fixed route system. Also, many rides are furnished to special needs people. Approximately 397,000 vehicle miles accumulated annually on its fleet of 21 vans and medium duty general transit buses, most of which are lift equipped and/or fully accessible.

FY 93 brought many changes, new ideas and projects to MVRTD. Through its operation of the Rutland County portion of the Vermont Rideshare Program, MVRTD has "saved" over the last 12 months 149,500 ve-

hicle miles by providing carpool options for 1409 placements.

MVRTD's free transportation service to eligible Medicaid and Reach-Up individuals has increased from last year's 25,000 rides to over 27,000 rides this year, continuing MVRTD's status as the second largest Medicaid transportation provider in the State of Vermont.

Grants have been crafted by MVRTD staff, in cooperation with other area agencies, to create two new services: transportation specifically for young children and their families and another dedicated to elders.

Passenger waiting shelters are appearing throughout the fixed route system which has expanded with the addition of the Green Mountain Route from Kmart to the Green Mountain Shopping Plaza.

Complementary paratransit services are available for those individuals whose disability prevents the use of fixed route service.

The Multi-Modal Transit Center is proceeding toward becoming a reality which will be an important factor in the economic well-being of the City of Rutland. The Multi-Modal Transit Center will provide a transit hub for the City of Rutland and Rutland County. It will also contribute much needed parking for the new State Office Building, other planned projects and the general public

with the creation of approximately six hundred new parking spaces.

In times of uncertain and expensive energy supplies, environmental issues, traffic congestion, and high costs of road construction, public transit is becoming increasingly more

important. We appreciate the financial and moral support of the elected officials and taxpayers of the municipalities that guarantee Marble Valley Regional Transit District's continued success.

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens:

Owing to changing industrial conditions and readjustment since the war, the Public Library has never had a greater opportunity to make its service felt in the community. (From the 1922 annual report, 36 years after the library's founding.)

Owing to changing industrial conditions and constant readjustments since the global community emerged, the task of the public library has become more urgent than ever. Mindful of this the Association adopted a long-range plan last fall, providing the linchpin for the library's commitment to increasing access to one of the region's richest resources. The 107th year of service has been one of difficult but important transitions, underscoring the library's determination to be there for this community.

Dominating all activities has been a very large scale automation project, the first to be installed in a public library in this state. When the work is completed by early winter 1993, a fully integrated computer system will be in place. The integration will mesh check-out functions with the book catalog, alerting users to availability, holding books for them and keeping a more accurate record of returns and fines. By the end of the fiscal year 93/94 this system will also offer VALS (Vermont Automated Library System) to each user at every terminal, so that people will be able to view the catalogs of all the state college libraries, UVM, Middlebury College and St. Michael's as well as a number of state owned and operated databases. Dial-in access to the library's holdings will also be possible at that time. Also under discussion is a direct computer link with the new high school so that students will be able to browse our collection

listings from their classrooms.

A related technology project was completed this year when a theft detection system was installed in December, protecting the library's 91,000 volume collection of books, videos, magazines, Vermontiana, cassettes and reference materials. Both the automation work and the book security system installation were moved along a little faster through the help of 300 volunteers who donated over 1200 hours of labor to install bar codes and ID tags. Their hours, when added to the additional time volunteers gave this year was the equivalent of one full-time person working for two and a third years. The library is very grateful for this help.

The real purpose of all this work has been to work on two of the library's long range plan goals which are to utilize the library's limited financial, staff and volunteer resources more efficiently and to encourage expanded use of the collection. The automation system will both help users and allow staff to be deployed in new ways, while the book security system will insure that all users will be able to find materials purchased for them.

The development of the mind is critically important to the life of an individual in a community and to the community as a whole. ... The Rutland Free Library, recognizing that learning is a dynamic, life-long process, is committed to providing a variety of avenues to meet the diversity of individual needs and to provide those important links between our past, present and future. (From the mission statement of the library's long-range plan, adopted October 1992, 107 years after the library's founding.)

Rutland City resident Iva Decker Celebrates her 101st birthday at home, with staff from the Rutland Area Visiting Nurse Association. Pictured from left to right are: Tina Stukenbroeker, RN, Ms. Decker, Sharon Davis, LPN and Noreen Babcock, home care aide.

Rutland Area Visiting Nurse Association, Inc.

Ronald J. Cioffi, Executive Director

To the Honorable Mayor, Board of Aldermen and Citizens of Rutland City:

The Rutland Area Visiting Nurse Association's forty-sixth year was indeed a year of great change and continued meteoric growth. A new executive team, internal restructuring and a renewed emphasis on high quality, flexible, cost effective care has supported and enhanced services in our area.

We have felt keenly our responsibility to the community to provide the same quality of care to those who have limited means, as to those who have insurance or other methods of reimbursement. Never losing sight of this mission of universal access, growth has occurred with an emphasis on better meeting the needs of the individuals and communities that we serve. We are equally committed to remaining at the cutting edge of our industry through the development of innovative programs and ways of delivering services.

One of the driving forces for innovation is the need for cost containment. It is no longer enough to simply provide quality clinical care. Payers, including Medicare and health maintenance organizations, insist on a competitive price. To that end, the Rutland Area Visiting Nurse Association was pleased to

receive word from the Health Care Financing Administration showing that Vermont's non-profit home health agencies have the lowest average charge, per Medicare home health visit, in the entire country. RAVNA's average cost per visit during that same time period was the lowest in the State.

One might expect that cost effective care requires compromising quality, but this has not been the case with RAVNA. For an unprecedented third consecutive year the agency passed its annual survey without a single deficiency. This unannounced audit, conducted by the Vermont Division of Licensing and Protection, is designed to ensure quality care and full compliance with all standards for Medicare/Medicaid participation. A three-person team conducted an exhaustive three-day review of all aspects of RAVNA's care including: patient charts, medical policies, client satisfaction and documentation.

In 1992 we worked to build a strong infrastructure and foundation to meet the challenges of the coming decade. A 38% increase in the size of our full- and part-time staff helped to keep pace with annual increases in

demand of nearly 30%. Services to Rutland City residents jumped 10% from 904 in 1991 to 993 unduplicated clients in 1992. City visit counts, through June 30, 1993, increased by 36% to 45,942 total home visits spread out over the following disciplines:

Skilled Nursing	10,492 Visits
Physical Therapy	1,835 Visits
Speech Therapy	261 Visits
Occupational Therapy	151 Visits
Home Care Aide	27,518 Visits
Social Services	349 Visits
Homemaker	5,336 Visits

Community Health Programs continue to reach thousands of city residents each year at their worksites, community groups and schools with health promotion, screening and safety initiatives. Childbirth education, senior wellness and flu immunization clinics, occupational health services, cancer screening and fitness events are just a few of the many programs sponsored by the Rutland Area Visiting Nurse Association.

The Board of Directors is proud to report

that, during these recessionary times, we have provided needed home and community health services without regard for individual ability to pay or geographic location. This commitment to universal access is fundamental to our mission and corporate philosophy and is made possible by public support, United Way funding, foundation grants and individual gifts. As always, we are grateful for this vote of confidence.

As we plan for the evolving future of health care in Vermont, we are confident that the Rutland Area Visiting Nurse Association is positioned to address any outcomes resulting from Vermont's health care reform effort. We are committed to working in partnership with government, individuals and institutions to foster and strengthen these vital linkages. Quality patient care and community services at RAVNA stem from a dedicated staff, a committed Board of Directors, a network of strong committees and loyal community support. It is with confidence and appreciation that we welcome the challenges that lie ahead.

Rutland Redevelopment Authority

Matthew T. Sternberg, Executive Director

I am pleased to submit the fourth annual report of the Rutland Redevelopment Authority. The last year has seen several major turning points successfully passed on the road to the redevelopment goals Rutland has worked so hard to achieve.

Working in conjunction with the City Attorney, negotiations were completed to bring the new CVPS headquarters building downtown. A conditional purchase and sale agreement was signed in late 1992 by the City, Net Realty Trust (owners of the plaza) and CVPS. This paves the way for development of CV's 150,000 square foot, \$20 million headquarters, which brings with it more than 400 CVPS employees. They will share the downtown site with approximately 148,000 square feet of new and rehabilitated retail, restaurant and cinema space to be developed by Net. All told, these projects bring \$35 million in "bricks-and-mortar" capital investment to the plaza.

Elsewhere downtown, work is under way by Hulett Realty on the State Office Complex in the Hulett and Woolworth buildings. The \$7.2 million project will concentrate more than 200 State employees in our central business district. Add to this the prospect of the multi-modal transit center, which is being developed by Marble Valley Regional Transit District, and we get a total of more than \$50 million in capital investment. The City Assessor estimates this will translate into \$30 million or more in new tax base, a 60% increase over the current \$51 million downtown assessment base.

In 1992-93 we also resolved the confusion over the proper method of administering the downtown Special Benefit District. In Au-

gust, the Supreme Court overturned a Superior Court ruling and stated that the district must be voted on by the public at large. This vote reaffirmed public support for the downtown program; the measure passed by a two to one margin in November. That margin was achieved again in March, when the 1993-94 budget was approved by the voters. In the meantime, RRA and the Board of Aldermen agreed on an administrative process that will enable the district to be run in a manner consistent with other City budgeting procedures. This agreement was taken to the State Legislature and approved as a charter amendment. The downtown revitalization effort now has a secure future.

RRA continues its commitment to strengthening independent retailers downtown. Our Business Improvement Program, a consulting program offering one-on-one assistance to store owners, received a \$25,000 Technical Assistance Grant from the Economic Development Administration (U.S. Dept. of Commerce). More than 15 downtown businesses have received help with store layout, merchandising, marketing, financing and management issues. In addition, RRA won a \$100,000 grant from the Vermont Community Development Program for our revolving loan fund. This program provides working capital loans to small businesses that would otherwise have trouble getting bank credit.

RRA looks forward to the coming year. Buildings are under construction, with more on the way. The future envisioned in the 1989 planning report "Downtown Rutland ... on the Right Track" is within reach. There is much to look forward to.

Regional Ambulance Service, Inc.

Paul Kulig, President, Board of Directors

Samuel J. Gorruso, City of Rutland Representative

To the Honorable Citizens of the City of Rutland, VT:

We are pleased to present our annual report to the Citizens of the City of Rutland. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service for ten years. In our first year of operation our ambulances responded to 2557 calls. This past year, ending June 30, 1993 the service responded to a total of 4,687 ambulance calls and an additional 1580 Paramedic intercept calls in our 12 communities.

With the continued support of the citizens, our employees and community governing bodies, we have held our assessments at the same rate for nine consecutive years and are pleased to report that the assessment rate for next year has been lowered from \$6.3285 to \$6 per capita. We extend our appreciation to everyone for their support.

This year, at the Vermont State Emergency Medical Services Conference, Regional Ambulance Service, Inc. was given the highest honor for an ambulance service and named Vermont Emergency Medical Service of the Year 1993. This award was for our community programs and overall performance for the past 10 years. We are very proud of the Pride, Proficiency, and Professionalism our staff has continuously demonstrated and again thank you for your support.

As noted our call volume has continuously increased. During this past year it became

necessary to add another ambulance and begin construction on an addition to our building for this vehicle. An older ambulance box was remounted on a new chassis and 5 more employees began Paramedic training, all in an effort to efficiently and professionally serve the public.

We would also like to thank Aldo Manfredi who was the City of Rutland R.A.S. Board Representative for his 8 years of service. Aldo Manfredi retired in January 1993.

Our professional staff is extremely capable and dedicated. The public is encouraged to visit and talk to the employees and administrator at our Stratton Road facility. Please feel free to contact James Finger, Administrator, or your representative, Samuel J. Gorruso if you have any question concerning the service.

This report has been dedicated in grateful memory of Amelia G.W. Taylor, Charter Board Member and President of the Board of Directors from 1989 to 1993. Her leadership and dedication were recognized by all.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors and Administration of Regional Ambulance Service, Inc., will continue striving to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

Cemetery Commissioners' Report

Dawn D. Hance, Chairperson

To the Honorable City Council and Citizens of the City of Rutland:

Appreciation is extended to several community groups who got involved in maintaining the old village burial grounds on North Main Street and West Street this year. Early this spring five special education students from Rutland High School, under the direction of Becky Pell, did a great job cleaning up debris at both sites.

Each year members of the Daughters of the American Revolution place flags on the veterans' graves. However, this spring they could locate only eight of the thirty-two soldiers' headstones in West Street. Many of the original flagholders are missing. Some of the monuments have been destroyed over time and most all of the gravestones are fast becoming illegible.

Larry Bolgioni and George Coburn, members of the Rutland Veterans' Council, volunteered to search for the remaining stones and provide flags and makeshift holders. They also hope to research military rolls to see if additional soldiers are buried there.

Fortunately during the 1950s members of the Daughters of the American Revolution copied all the inscriptions in both cemeteries. These inscriptions, listed by row, have been very helpful in locating a particular gravesite.

Mowing got off to a slow start this year because the bids went out a little later than usual. Due to a cold, wet May the first mowing was completed just in time for Memorial Day. Howard Stickney of Brandon was awarded the contract at \$1,681.11.

No one came forth with the bounds for the cemetery on the Old Poor Farm on Woodstock Avenue. This area needs to be fenced and marked for the future. Can anyone help?

Last year I reported that the only cemetery in the original township of Rutland that needed attention was Whipple Hollow Cemetery. This summer Red Sutkoski single-handedly has removed trees, cleared debris and righted gravestones. He hopes to grade

the area with new fill, plant grass seed and have it ready for mowing. Hats off to you, Red!

Recently a lady from Columbia, Maryland, sent excerpts from a 320-page manuscript written by Horace Fenton who was born in Rutland in 1804. He was the grandson of John Fenton (1750-1818), who with his brother Matthew Fenton (1755-1813), were early settlers of Rutland. John resided on Potato Street (North Grove Street) on the farm just north of the McKinley Avenue intersection. Matthew's house/tavern was located on the present site of the W.C. Landon Store on North Main Street.

Both brothers met untimely deaths and were buried in North Main Street Cemetery, just north of the old Congregational Meetinghouse. John burned to death when his home caught fire and he returned to retrieve some belongings. Matthew and his wife both died the same day in the epidemic of 1813. Horace recalled attending the funeral and seeing the couple buried together in one coffin. Such were the hardships of early life in Rutland.

A Cemetery Commissioner's tasks are for the most part mundane. However, every once in a while something unusual or humorous occurs. This year I got a call from the police who had found a gravestone in the Grand Union parking lot. I suggested they contact the department of vital records to see where the person died. Eventually, the stone was returned to its original spot in another town. A landfill in New Hampshire also called to say a gravestone, believed to have come from Rutland, had been brought to their facility with other trash.

Several years ago when I was trying to raise funds for cemetery restoration someone sent in a rather sizable check in an odd amount. I decided to investigate before cashing it. Indeed there had been a mistake. Someone thought I was the Tax Collector!

Council on Aging, RSVP, One-2-One and InterAge

John G. Campbell, Office on Aging, Executive Director

Anne Rowe, RSVP Director

Marlee Mihevc, One-2-One and InterAge Director

To the Citizens of Rutland:

The Southwestern Vermont Council on Aging, which is located in the Howe Center (Building No. 14), is the regional provider of meals and senior advocate services. A total of 36,093 meals were delivered to homebound elders in the City by staff and volunteers. Another 8,001 meals were provided at three locations within the City: The Bardwell House, Sheldon Towers, and the Godnick Center on Deer Street.

Senior advocates provided assistance to 318 City residents with benefits applications, problem resolution and linkages with a variety of community services and programs. They provide personalized help to elders in need of program information, application assistance or linkage with other service providers. By appointment, advocates visit with elders in their own homes, at community luncheon sites, or in our office. Advocates listen to the elders they serve to help assess the problems they have and to work with them for solutions.

The Council on Aging also provided the services of a long-term care ombudsman who assists residents of nursing homes and residential care homes; legal services through the Senior Citizens Law Project (VT Legal Aid) and information and referral.

For more information call 775-3223.

The Retired Senior Volunteer Program (RSVP) is a nationwide program designed for people 60 and older who want to help meet their community's needs through meaningful use of their skills and knowledge in volunteer service to non-profit organizations. RSVP volunteers currently serve as receptionists, tutors, library aides, office workers, musicians, hospital workers, guardians ad litem, hospice workers, Red Cross volunteers, in senior centers, schools, nutrition sites, courts, libraries, nursing homes and a wide range of other organizations. This year we are ex-

tremely proud to be collaborating on a statewide level with VT ETV, Long Distance North and Adult Basic Education to bring a new program "VT Learn At Home Program" into the homes of people who would want to complete their GED. RSVP volunteers serve without compensation, but may be reimbursed for, or provided with transportation if there is a real need. All RSVP volunteers are covered by insurance (free to them) while they are volunteering.

Every community in America faces the continuing challenge of providing needed services with limited resources. RSVP is the largest program of coordinated volunteer service in the area. We are extremely proud that 1993 marks our 20th Anniversary serving the people of Rutland County with the wisdom and experience of 410 active volunteers. In 1992, these volunteers, half of whom live in Rutland, provided approximately 65,000 hours of service. If these hours were multiplied by minimum wage (\$4.25) the benefits would translate into approximately \$276,250.

RSVP is available to any senior citizen 60 and older who is retired and wants to help their community. We encourage and invite you to call the RSVP Office at 775-8220 or visit us at 71B Williams Street (in the basement of the United Methodist Church). At this time RSVP would like to extend its thanks to the voters of the City of Rutland for their support in the continuation of the RSVP program. We pledge that we will continue to try to be responsive to the needs of our city. Thank you.

InterAge, Rutland Adult Day Project, is a unique adult day program designed to serve the elder population, as well as the physically disabled adults of Rutland County.

InterAge offers a caring and stimulating environment to its participants, promotes integration within the community, aids in re-

ducing or avoiding the isolation these individuals experience and allows for daytime respite to families or other caregivers.

During the past year, InterAge has served 28 individuals residing in Rutland County. This number magnifies when including the families and caregivers receiving respite services.

Thanks to the City of Rutland and the United Way of Rutland County, InterAge was able to once again increase its days of operation from three to four days each week. This allows us to better meet the needs for Adult Day Services in our community.

InterAge is located at the Howe Center (Building #14) and is open Monday through Thursday from 9 A.M.-2P.M. For additional information call 747-3587.

InterAge is a part of Rutland Community Programs, Inc.

The **One-2-One** program serves the elder population of Rutland County. A group of dedicated volunteers provides essential transportation, telephone reassurance, and friendly visiting to those more frail and isolated individuals needing this type of support to remain independent in their own homes.

Referrals come through physicians, nurses, discharge planners, social workers, mental health workers, senior advocates, elders themselves or concerned family and friends.

During the past year over 6000 telephone contacts, 400 friendly visits and 3000 trips were provided.

One-2-One continues to grow as our elder population becomes larger and more aware of the services we provide.

For information call 775-8219 or 775-4318.

One-2-One is part of Rutland Community Programs.

Rutland Historical Society

Eleanor J. Elwert, President

To the Citizens of the City of Rutland:

July 1992 found the Rutland Historical Society in a swirl of activity in an effort to arrange its collection of documents, pictures and artifacts in the most logical and efficient manner possible following a long period of storage while our new home was being prepared.

The Vermont Museum and Gallery Alliance's new museum consultant, Michelle Pietryka-Pagan, along with Meg Ostrum, helped to bring a clearer focus to the planning for an outstanding opening exhibit. Throughout the year some board members attended workshops organized by Ms Pagan for VMGA at various museums in Vermont. They have covered every conceivable topic relating to museums.

With a new home to use and care for committee assignments were important to assure smooth functioning following five years when the Program and Publications Committees were the major focus of the society.

The Annual Meeting at the Senior Citizens Center featured election of new board members Bob Beauchamp, Ron Butterfield and Don Wickman. A program on the 1947 Flood in Rutland was given by Don Bordeau.

After much discussion and debate the decision was made to leave our front doors unadorned allowing their shape and material to make the ultimate statement.

Planning for our long-awaited Grand Opening was begun, including how we would fulfill our pledge to honor donors of windows in the renovation of Nickwackett by some form of public recognition. We finally decided to print a list of all donors divided into broad levels of support.

Plans for the opening exhibit were progressing with weekly committee meetings. Membership renewal mailing was in the form of a newsletter. One real fun activity for some of us was preparing and planting the flower beds out front. In addition to the front doors they are another attraction to passersby.

We have always tried to collect books by current or recent residents of Rutland. Hilary Rosenberg donated her book *The Vulture Investors* and Dr. Margaret Waddington gave copies of all her published works. Another major donation was by Robert Marks who made handsome base cabinets for our display cases.

We are indebted to the Rutland Recreation Department for faithfully providing lawn mowing. To City Treasurer Ron Graves and Mayor Jeff Wennberg our thanks for advice and support as we look forward to completing one year in our restored building and to 25 years of existence as an historical society in 1994.

Employees of City of Rutland, Vermont

Earnings Over \$300.00

List of Unpaid Taxes as of 6/30/93

The list of unpaid taxes is as it appears on the records of the City of Rutland as of 6/30/93 pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of record as of 4/1 of the year preceding the tax year shown. Subsequent to the date are taxes that are delinquent. The City realizes that trans-

fers may have occurred subsequent to 4/1 and that taxes became due and delinquent and such listed individuals may not be responsible for the amounts indicated.

Amounts shown are taxes only exclusive of interest & penalties.

Legend:

P—payments being made.

*—Paid after 6/30/93
